We realize, however, that unusual values must still be presented in order to appeal to the widespread spirit of economy.

We decided to create such an opportunity, by reducing our discontinued fabrics and patterns. and such seasonable goods which, if not sold now, would remain in stock for some time, to prices which would make certain their sale by June 80th.

Our further desire was to bring our establishment, its resources, and the attractive prices of our merchandige to the attention of those who, for some reason, may not have visited us before.

Oriental Rugs

If we were to be guided only by the conditions prevailing at this time in the rug weaving countries of the East, we would be justified in advancing rather than reducing the prices of this mer-chandise. While it is true that medio-cre rugs, the dregs of the market, col-lected and brought here because of the war-fime scarcity, can be purchased now at lower prices than previously, the conditions as to fine examples are even more chaotic than during the war disturbance. Careful, supervised manufacture by the skilled weaver is practically nil, and as it requires from eight to eighteen months to make and trans-port a room size rug to this market, it requires no great knowledge of the business to realize that prices must renain stable for some time to come.

We list below but a few of the rugs now of

UPHOLSTERY AND DRAPERY FABRICS Hand Blocked Printed Linens and Cretonnes

The use of these durable and very decorative fabrics is finding increasing favor with those who have the problem of home decoration to solve. The growing importance of the Chintz in decorative use. with its many useful purposes, has brought about an evolution in styles, and the old idea that almost any design, no matter how blatant and inartistic, was good enough, no longer holds sway.

Today it is possible to secure designs and color effects inspired

by the best of the early English and French handmade fabrics, made with an attention to detail and a skill which gives to the fabrics much of the charm of the original from which it received its inspiration. Among those offered in this sale, for instance, will be found designs copied from a piece of old needlework in Haddon Hall; copies of the famous Webb crewel work of the Jacobean period; the needlework panels of the 17th and 18th Centuries. All these are outstanding examples of the wonderful and artistic effects now obtainable in these comparatively moderate priced fabrics.

Made on pre-war linen, dyed in the most permanent manner, these sturdy fabrics serve, not alone the requirements of the country home, but are an artistic embellishment to the finest of city dwellings. We offer some 10,960 yards of these desirable fabrics at prices 50% lower than prevailed last Spring.

"SLOANE" VACUUM CLEANER COMPLETE WITH 8 ATTACHMENTS FOR \$48.00

Important parts cast in one piece in aluminum Powerful horizontal motor of Universal type. Weight 12 pounds.

We desire to emphasize but three points in our claim for the Sloane Vacuum Cleaner, these three being the vital points of interest to the purchaser. 1-No other sweeper of similar type is any more powerful in suction-any lighter in

weight, stronger in construction, or more simple in operation.

2-That the full set of attachments, without which no cleaner can provide the maximum

not sold separately at an additional cost.

3.—That, while cleaners of similar type are generally sold at much higher prices, no more service or more satisfactory results can be obtained from them.

We shall be pleased to demonstrate the Sloane Improved Vacuum Cleaner te all who may be interested.

30,000 Yards Carpetings of Dependable Qualities

Changes in manufacturers' plans have resulted in the discontinuance of certain fabrics, not because of any criticism of quality or lack of public appreciation, but on account of the desire to concentrate on fewer qualities to increase production. These, in addition to many discontinued patterns of current fabrics, are offered now for immediate sale at startling reductions in price.
